## STATEMENT OF NDAA COMPLIANCE

**Arecont Vision Costar, LLC (AV Costar)** is a U.S.-based manufacturer of video surveillance devices, with product development, engineering, final assembly, quality control, technical support, and back office functions at locations in Los Angeles and Fresno counties with headquarters in Glendale, California. AV Costar is a business unit of **Costar Technologies, Inc. (Costar)** based in Coppell, Texas (OTC Markets: CSTI).

Our **MegalP®** & **SurroundVideo®** series cameras are designed and manufactured in the U.S.A. and may be treated as domestic end products for purposes of the **Buy America Act** (BAA), 41 U.S.C. §§ 10-10d (for BAA details see <https://tinyurl.com/rghsoom>).

The **National Defense Authorization Act, HR 2500** (NDAA) bans the federal government from purchasing equipment including surveillance devices from certain Chinese vendors due to security concerns for the purposes of national security (see *Congress.gov* posting <https://tinyurl.com/t8ufkg8>).

NDAA compliance extends to all **MegalP®** (*MegaBall, MegaDome, MegaVideo, MegaView, & MicroDome*) and **SurroundVideo®** (*Panoramic & Omni*) series cameras, **ConteraIP®** series camera models (*MicroDome LX, MicroDome Duo LX, Omni LX, & Omni LX Remote Setup*), **Costar** 2MP License Plate Capture Bullet, **ConteraCMR®** video recorders (*Compact Desktop NVR Server, Compact NVR Server, & High Performance NVR Server*), and associated parts and components.

None of these products have any association with any company banned per provisions of NDAA.

For additional information, please contact the undersigned.

Sincerely,

A handwritten signature in black ink, appearing to read 'Brad Donaldson', with a long horizontal flourish extending to the right.

Brad Donaldson  
Vice President, Product Development
